2. Dr Parag Shah
3. Dr Manisha Bhavsar

## Discussion and Decisions

1.

The AES Academic Council had previously asked all granted colleges under AES to prepare a document outlining the college plan for implementation of NEP. The IQAC prepared an outline and sent it to the Academic Council.

2.

The college level NEP Task Force was formed as per the suggestion from the Academic Advisor, AES, and the task force deliberated about how NEP can be implemented at the college.

3.

After receiving the inputs of the Academic Council and the NEP Task Force, the IQAC organised an FDP and invited Dr Jayendra Jadav (Member, NEP Implementation Committee, Government of Gujarat) for discussion and guidance, and understanding the state government vision on NEP implementation. The IQAC members also interacted with the Academic Advisor AES for going through the final nuances of NEP implementation at the AES level. With inputs from all concerned, the IQAC has drafted a detailed document for the proposed path of the implementation of NEP at HL

4.

In order to facilitate changes in the education scenario due to the implementation of NEP, the IQAC felt that there is a need to consider conducting regular B Com and M Com classes in the morning. This will give flexibility to incorporate various add-on certificate courses as well as conduct multi-disciplinary courses in collaboration with sister colleges. It has been decided to further consider the pros and cons of changes in regular college timings in the staff meeting.
