# UNDERSTANDING AUTONOMY

- Autonomy is the prestigious status conferred by the UGC to reputable colleges with outstanding performance and a history of excellence. The Autonomy status grants institutions the authority to independently design and implement their academic programmes and curriculum.
- At HLCC, we are proud to be recognized as an autonomous institution, conferred with the esteemed status by the UGC. This distinction signifies our commitment to academic excellence and innovation in education. As an autonomous college affiliated with Gujarat University, we hold the reins to design our own programmes and curricula, ensuring that our students receive a dynamic and industry-relevant education.

## WHAT AUTONOMY MEANS FOR THE STUDENTS:

01

**CURRICULAR FREEDOM:** Autonomous colleges have the authority to craft their own programmes and curriculum. This means that we can tailor our courses to meet the evolving needs of the industry, incorporate cutting-edge technology, and address societal demands.

02

**DEGREE AFFILIATION:** While we have the autonomy to design our curriculum, it's important to note that the college continues to be affiliated with Gujarat University, and **the degree is conferred by Gujarat University**, ensuring that our qualifications maintain their credibility and recognition.

03

**INDUSTRY-RELEVANT EDUCATION:** With the freedom to decide our curriculum, we prioritize staying abreast of industry trends, integrating state-of-the-art technology, and incorporating timely updates. This ensures that our courses remain relevant and aligned with the demands of the modern workforce.

04

**FLEXIBILITY AND ADAPTABILITY:** As an Autonomous college, we have the flexibility to update our courses as needed, ensuring that our students are equipped with the most up-to-date knowledge and skills. This means that you won't be learning outdated concepts but rather staying ahead of the curve in your field of study.
